Sexual Assault Nurse Examiner (SANE) Training Program

Friday evening, Saturday & Sunday, January 22-24, 2010

Saturday and Sunday, February 6-7, 2010

The Sexual Assault Nurse Examiner (SANE) workshop is an intensive five-day course to familiarize registered nurses with all aspects of the forensic and health care processes for sexual assault victims. This course, taught by experts in the areas of forensic nursing, law enforcement, advocacy and criminal prosecution, emphasizes the overall importance of the role of the SANE and their role in the interdisciplinary Sexual Assault Response Team (SART).

Participants will learn to apply the nursing process for the medical and forensic evaluation of patients who have experienced sexual assault. Nurse enrollees will participate in a simulated forensic history, demonstrate speculum insertion on a live patient model and practice expert witness testimony in a mock trial as a part of the educational training. The nurse participant will have a beginning understanding of the issues and complexities of the SANE role.

Lead faculty for the course will be Linda Ledray, PhD, RN, FAAN, a certified SANE. Dr. Ledray is a nationally recognized expert and pioneer in the area of forensic nursing. The program is supported by an array of interdisciplinary expert faculty with expertise in supporting SANE training.

PROGRAM OBJECTIVES

Upon completion of the offering participants should be able to:

1. Describe the role of various health care, law enforcement and criminal prosecution personnel in working with sexual assault victims.
2. Discuss legal and medical standards for the collection of evidence from a sexual assault survivor.
3. Examine sources of victim support and advocacy including crime victim compensation for sexual assault survivors.
4. Using a role play scenario implement the nursing history of a sexual assault patient.
5. Practice establishing credibility as an expert witness in a mock trial.
6. Recognize the potential for vicarious trauma and burnout for the SANE nurse.
7. Demonstrate beginning competency in doing a speculum exam on a live patient model.

REGISTRATION FORM

SEXUAL ASSAULT NURSE EXAMINER (SANE) TRAINING PROGRAM

January 22-24 and February 6-7, 2010
